

MEMORANDUM OF UNDERSTANDING

Between the Atomic Energy Society of Japan and the Korean Nuclear Society
The Joint Nuclear Material Seminar

The Atomic Energy Society of Japan (AESJ) - Korean Nuclear Society (KNS) Memorandum of Understanding (MOU) on the Joint Nuclear Material Seminar should be based on the following:

1. AESJ and KNS agree with the termination of The Joint Nuclear Fuel and Material Seminar originated by the Divisions of Nuclear Fuel, Materials Science and Technology and Fusion Technology of AESJ and Division of Nuclear Fuel & Materials of KNS.
2. Divisions of Materials Science and Technology and Fusion Technology of AESJ and Division of Nuclear Fuel & Materials of KNS will hold a new seminar regarding Nuclear Materials focused on both fission and fusion reactor materials once a year at the place of Japan and Korea, alternately.
3. The hosting party will be responsible for the selection of topics, location and date of the Seminar, and bring active involvement in the program and promotion of participating authors and audience from the respective home region.
4. The hosting party will take the sponsorship of the meeting and, if available, will provide financial support for the invited experts from non-hosting party for the travelling.
5. The MOU is canceled one year after written notification by any party.
